

# Event Prospectus for the in person PostgreSQL Madagascar Conference 2026

July 18, 2026  
Antananarivo, Madagascar

# Building the PostgreSQL Madagascar Community

Founded in June 2024 by a group of volunteer organizers, the Madagascar PostgreSQL User Group has grown.

Our group has 500+ members, creating a vibrant local Postgres community.

Our mission is to promote PostgreSQL advocacy and education in Madagascar and in Africa.

Through in-person meetups, and virtual events, we believe that we have achieved measurable results and made a meaningful impact on the PostgreSQL community both in Madagascar and in Africa.

We are excited to run this conference with a large audience. Join us on this journey and be part of shaping the future of PostgreSQL.

Our  
Community in  
Action

PostgreSQL Madagascar

# The objective of the conference

- Strengthen the Malagasy PostgreSQL community by fostering knowledge sharing, experience feedback, and best practices among its members.
- Promote PostgreSQL as a leading solution for robust and reliable databases among businesses, academic institutions, and technology decision-makers in Madagascar.
- Encourage synergies and partnerships between users, developers, and IT companies to stimulate innovation and large-scale adoption of PostgreSQL.
- Create professional networking opportunities by bringing together experts, practitioners, and students around a shared passion for PostgreSQL.

## Our code of conduct

This conference will be safe, inclusive, diverse, and respectful.

We follow this code of conduct

<https://www.postgresql.org/about/policies/coc/>

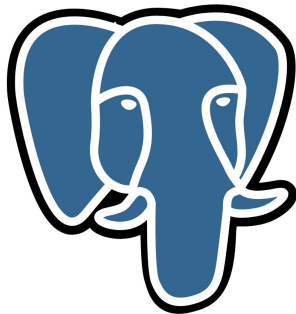

Any form of discriminatory or inappropriate behavior will not be tolerated.

## Support our community

Help grow the PostgreSQL community in Madagascar and in Africa.

By sponsoring our in person conference in Antananarivo, Madagascar.

You help empower developers, support the open-source community, and make this community-driven event possible.
